Just don't.. SHAKE IT IF YOU WANNA MAKE IT.. Its not the best Horror game i played, but for the price its ok, you run around in this space station and need to collect different colored key cards to try and escape.
But theres a murderous monster around, so becareful :)

<https://youtu.be/VSN8kZrWjyWQ>. The game is very frustrating, but fun. The commentary is cute, too.
Somone posted about how realistic the gam play was. Let me assure you, it is NOT! This is NOT a golf game.
It is a pixelated-retro-frustrating-instulting gem.
Play it, but be preaped to yell at it, too.. Today we blur the lines between tragedy and comedy.

finished getting three stars on all challenges. Fun tower defense game! Standard entry into the genre with a fantasy flair, but a very solid entry, especially for the price. The Gameboy-Zelda graphics attracted me to this game, but it's actually really fun too! The game is basically air-hockey with much deeper mechanics - stages transform, you can collect and use power up items, and each player has different moves for hitting the ball.

It's in Early Access, so there's not a lot of content yet, but what's there works well and it looks like a lot more stuff is coming soon, so I'm looking forward to it. There's already a lot of variety in the different playable characters, balls, and stages - they all change the style of gameplay a lot, and things can get pretty frantic.

Overall this is a fun game to play with a friend on the couch, and I hope over time it becomes something amazing. (looking forward to the upcoming 4-player mode!). 112 hours counting...

have yet to receive a trade offer that makes ANY sense for my team..... DLC is still not available in English...I understand there may be delays, however the DLC should not be sold until it is ready.. Decent game for 10 cents. This is the same company that made Desert Ride Coaster this a great roller coaster experience.. Relaxing and addictive. Dangerous combination.
